BOARD OF TRUSTEES

CANDIDATE'S STATEMENT

Please include your responses to the following questions. *Why do you want to be a Board member? What skills and attitude would you bring to the Board? What is your vision of the Board of Trustees' role in the governance of ISB? How do you see ISB 10 years from now?*

Please include any other relevant information.

ISB has a unique opportunity to have a vision beyond being an ordinary skill-training institution most Thai schools are forced to be. We have a chance to think about giving our students the wisdom to have a good life and the building of our students' inner resources such as their passions, hopes, friendships and commitments. The school is already working hard on producing a well-rounded student, each with an opportunity to reach his/her individual potential while being a good member of the society. What we need is mostly here already, we must go forward to the next ten years trying to foster and nurture this spirit of excellence and the excitement of trying to provide the best learning environment for the students. In ten years, I would like to see ISB students cherishing the friendships and appreciating the mentors they have found at ISB.

The most important role as a board member I can think of is to be able to understand the needs and hopes of the ISB community, students, parents, and teachers. Also as important is the patience and persistence to make certain that those needs and hopes are somehow met within the constraints of limited resources. This can be achieved through a good teamwork amongst board members and also between the board and the management.

I hope that the values, knowledge, and skills I have acquired during the years at the schools in the States and the years of working in the field of trying to understand the needs of various parties in negotiating the national budgets should help ISB.

I have loved all the time I have spent in all my schools. I think the values and characters formed in the schools along with parental guidance make a person who they are. Creating a learning environment where a student can be developed into a good, happy, and knowledgeable person is the most satisfying work I can think of.

I also think that the Board and the Leadership Team work well together in ensuring that our children are in a good learning environment.

This is why I want to continue the work as a board member at ISB.

Next step:

Please save file and send via email to joy.davy@yahoo.com as an attached file.
(Use your name as the name of this file)

Last step:

Please print this form, add signatures and your photo and submit to Khun Oor at Bill Gerritz's office.

Thank you.
