BOARD OF TRUSTEES NOMINATION FORM

CANDIDATE'S STATEMENT

Please include your responses to the following questions. *Why do you want to be a Board member? What skills and attitude would you bring to the Board? What is your vision of the Board of Trustees' role in the governance of ISB? How do you see ISB 10 years from now?*

Please include any other relevant information.

Sheri and I currently have a six year old in 1st grade at ISB and our four year old will be starting Pre-K at ISB this year. As a parent, I appreciate how important the school is to the children, families, and community. I have a strong desire to contribute and help shape the school's direction for the present and future benefit of my children and our neighbors in the community. I believe being on the Board is an opportunity to apply my background and strengths to help ISB continue to be strategic and positioned for the long term.

My career has given me a balance of experience including tactical execution-focused decision making as well as strategic long term planning and direction. Throughout my career, I've had the opportunity to work with cross-functional teams. I believe these experiences allow me to bring an appreciation of diverse viewpoints and encourage collaboration towards common objectives.

I view the Board of Trustees' governance role as responsible for setting the school's vision and mission, formulating and establishing policies, short and long term goals, and annual budgets, and holding the head of school accountable for results.

I believe ISB in the future will continue to be a premier international school that provides students a balanced education, enables them to achieve their academic potential, and positions them for success in the global community.
