INTERNATIONAL SCHOOL ASSOCIATION

BOARD OF TRUSTEES NOMINATION FORM

CANDIDATE'S STATEMENT

Please include your responses to the following questions. *Why do you want to be a Board member? What skills and attitude would you bring to the Board? What is your vision of the Board of Trustees' role in the governance of ISB? How do you see ISB 10 years from now?*

Please include any other relevant information.

I want to continue my work on the Board because it is rewarding for me to play a role, albeit small, that contributes to educating the next generation of leaders. I truly believe that Third Culture kids, with their multi-cultural upbringing, have the worldview needed to tackle global issues and not be bogged down by national, racial, nor religious differences.

This past year has been particularly exciting. I saw firsthand how our ISB community came together to formulate a vision for the future - a future whereby each student would take ownership of her learning; discover and build on her passions; have an individualized learning experience; and be constantly challenged at the right level and pace. Not long afterwards, I have been pleasantly surprised to see our ISB administrators start to make the vision a reality by taking prompt action to rally the troops to lay the groundwork and quickly implement the first batch of low risk improvements that are already having a positive impact on our children.

The quick progress made this year would not have been possible without the stable and cohesive board and the smooth transition from Dr. Gerritz to Dr. Davies during the past 2-3 years. In my humble opinion, the Board and Leadership Team tandem is the strongest I have been a part of these past six years.

Although there is much to hope for, the happiness and success of our children is far from assured as the level of uncertainty and pace of change this generation faces is unprecedented. No one can really predict what the future holds 10 years from now. The best bet for our children is for ISB to become such a wonderful school that, even with as few as 3-4 semesters of our children's time, she can instill in our children the kindness, resilience, mindfulness, passion, curiosity, creativity, and growth mindset that will allow them to not only adapt and thrive, but also uplift the lives of many others along with them come what may.
