INTERNATIONAL SCHOOL ASSOCIATION

BOARD OF TRUSTEES NOMINATION FORM

CANDIDATE'S STATEMENT

Please include your responses to the following questions. *Why do you want to be a Board member? What skills and attitude would you bring to the Board? What is your vision of the Board of Trustees' role in the governance of ISB? How do you see ISB 10 years from now?*

Please include any other relevant information.

I have had the privilege of serving on the board for the past four years (the past three years as V. Chair) and I seek re-election to continue my work with the board for another term. As an alumnus of ISB with two children at the school, I feel very committed and connected to ISB and would like to continue helping the school in its further development. In the past two years, I have been focused on issues relating to development – marketing, alumni affairs, fund raising, scholarship etc. I believe that these endeavors are important to complement the school's achievements in the areas related to learning. While we have made progress, I believe that there is much more that can be done to help raise the awareness of ISB and its students' achievements, to enhance the connectivity of the community beyond school years, and to put ISB on even firmer ground for future growth and improvement.

In terms of skills and attitudes, I believe that an effective board member has to be a good listener, a critical thinker, and collaborative in approach. As a professional in the service industry for almost 15 years, I feel that I have developed these skills and can work well with the Board. In addition, I feel that one needs to take initiative to push certain agendas if it is merited and benefits the organization. However, I have also come to appreciate that it is more effective to help set direction and serve as a guardian of ISB's stakeholders' interests. This support and oversight approach provides the necessary balance to enable ISB Admin to excel at their functions.

10 years from now, I envision ISB to become an institution known for offering the highest quality educational and learning experience in the region. I would like ISB to be a school where students can maximize their learning potential and have more resources available than at other schools in order to excel in academic subjects as well as in athletics, the arts, and other extra-curricular areas.
