INTERNATIONAL SCHOOL ASSOCIATION

BOARD OF TRUSTEES NOMINATION FORM

CANDIDATE'S STATEMENT

Please include your responses to the following questions. *Why do you want to be a Board member? What skills and attitude would you bring to the Board? What is your vision of the Board of Trustees' role in the governance of ISB? How do you see ISB 10 years from now?*

Please include any other relevant information.

I have had the privilege of serving on the ISB Board of trustees for one term and I now seek reelection to continue working with the Board. During my time on the Board I have served as Chair of the Committee on Trustees and have been part of the Executive team.

As a product of an international school (Hamburg, Germany) and having children who have benefitted from ISB, I feel committed to international school education and connected to ISB. I am dual national, have a husband who is first generation American (British/Indian) and 2 third culture kids, means I am used to transcending national and cultural boundaries. I have experience working in teams and believe that collaboration, consultation and deliberation are essential parts of any decision making process. I have run my own business, taught undergraduate science, and worked in a policy position for the United Nations. My 20 years of experience in environment/development have given me a solid foundation in strategic planning and fiscal management as well as ability to identify capacity gaps in the enabling environment. I believe that these skills can continue to be an asset to the Board.

The basic question that should guide the school and the BOT is what is best for our students. Ensuring that our students' growth and wellbeing is served, requires the Board to be a steward of the institution, to help ensure policies are upheld and updated as necessary. The Board needs to have the big picture in mind while being able to pay close attention to the detail that the administration presents in the recommendations they make. The Board should provide strategic guidance without interfering with the day to day running of the school, yet needs to take initiative to push what is best for our children and for the institution when necessary. I believe an effective board member has to be a good listener, a critical thinker and be collaborative in approach.

My vision is that in 10 years ISB will have maintained its reputation as one of the best international schools in the world. I would like to see the school continue to enjoy the excellent facilities it has and remain current with innovative technological changes that allow our students to become well-rounded, balanced individuals who are able to achieve their academic and personal potential. Addressing student enrollment and ensuring fiscally sound policies and planning will continue to be an essential part of Board activities.

It would be an honor and a responsibility I would not take lightly, to continue to serve on the ISB Board and help maintain and further enhance ISB's already outstanding program and to support the administration and faculty in providing the best learning experience for our children.

Thank you for voting.

Next step:

Please save file and send via email to msjoydavy@gmail.com as an attached file.
(Use your name as the name of this file)

Last step:

Please print this form, add signatures and your photo and submit to Khun Oor at Andrew Davies's office.

Thank you.
